Mission-Focused Technology Solutions for the Public Sector

A Veteran Driven and Minority-Owned Small Business delivering government initiatives with the agility of a premier MSP/VAR. We bring top industry talent and secure, scalable technology to federal and state agencies.

COMPANY OVERVIEW

NWTECH, Inc. is a mission assurance partner bridging the gap between commercial innovation and public sector compliance. Founded by **Stuart Maskell** (ex-Microsoft, 1987), we leverage 35 years of managed services experience to guarantee that every solution meets the rigorous security and reliability standards demanded by federal agencies.

DIFFERENTIATORS

- **Veteran Driven & Minority-Owned:** Agile, mission-focused, and diverse.
- **Small Business Designated:** Personalized service with enterprise capabilities.
- **Microsoft Solutions Partner:** Deep technical expertise and direct support channels.
- **Security First:** Zero Trust architecture implementation for mission-critical data.

CORE CAPABILITIES
